C2-31

With dual-steering wheel driving , this AGV could go forward,backward,sideways and make spin turn. The load capacity is up to 1,500 KG.

Navigation Type	Magnetic tape navigation/ QR code navigation
Base dimensions	L1600*W800*H380 (mm)
Run direction	Forward, backward, rotation and sideways
Load capacity	1000KG / 1500kG
Travel speed	0~45m/min (magnetic tape navigation); 0~60m/min (QR code navigation)
Lift height	50mm
Turning radius	1000mm Magnetic tape navigation
Navigation accuracy	±10mm
Stopping accuracy	±10mm
Driving method	Steering wheel
Battery charging method	Side charging /Underneath charging
Battery type	Lithium battery
Safety detecting range Safety circuit	≤3m(adjustable) safety laser scanner+anti-collision bumper
Case
