

C1-33

Tunnel AGV goes under the trolley and the pink hook would rise or fall automatically to hook or release the trolley. It is compact, flexible and can travel sideways and make spin turn.

Navigation Type	Magnetic tape navigation
Base dimensions	L2260*W800*H340(mm)
Run direction	Forward, backward, 0~90 degree turn, rotation and sideways
Load capacity	2000KG / 2500kg
Travel speed	0~ 35m/min
Turning radius	1500mm
Navigation accuracy	±10mm
Stopping accuracy	±10mm
Driving method	Steering wheel
Battery charging method	Side charging /Underneath charging
Battery type	Lithium battery
Safety detecting range Safety circuit	≤3m(adjustable) safety laser scanner+anti-collision bumper
Case
