

# C1-11

Tunnel AGV goes beneath the trolley and the pink hook would rise or fall automatically to hook or release the trolley. It is compact, flexible and allow remote to control its travel.

Navigation Type	Magnetic tape navigation
Base dimensions	L1400*W420*H290(mm)
Run direction	Forward, reverse ,90 degree turn
Load capacity	500KG / 1000KG
Travel speed	0~ 45m/min
Turning radius	800mm
Navigation accuracy	±10mm
Stopping accuracy	±10mm
Drive method	Differential drive
Battery charging method	Side charging /Underneath charging
Battery type	Lithium battery
Safety detecting range Safety circuit	≤3M (adjustable) safety laser scanner+anti-collision bumper
Case
